

Are you looking for an **international** placement?

B&MI SMS-Timing

Emiel Becquaertlaan 2 B2.1 | 2400 Mol | Belgium

Dear Students,

are you looking for a placement where you can gain a lot of international experience? After almost 20 years of experience we know what it takes to challenge the next generation.

Every year, we can offer a different range of profiles the possibility to join our company for an internship! Please see detailed information on the next page.

B&MI SA is a company that focuses on creating software for entertainment centers. Our main brand is SMS-Timing, which specializes in timing and management solutions for Karting-centers, with over 10 years of experience in this sector.

Innovation is a big part of our company; we want to keep up with modern technology. All the ideas are welcome at our table; there is always place for creativity, improvement, structure and different concepts.

What do we look for?

- IT: programmers, network administrators...
- Business: accounting, marketing, administration...
- Graphical: graphic designers, video editors...
- Office management: translators, management assistants...

You can visit our website, www.sms-timing.com, to find out more about who we are and what we do.

With kind regards,
The SMS-Timing-team
