### Detailed missions

Candidate will be designated as Japan Manager. Your main mission will be as follows:

1. To develop the business relationship for our firm in respect to Japanese clients and other Multinational groups who have their presence in India.
2. To understand their needs, requirements and then pass on the necessary information down to the team.
3. You will be directly working under the Managing partner's supervision and guidance and will be meeting top management of the Multinational companies who are based in INDIA.
4. Travelling, meeting clients, understanding their needs, being present for them will be part of your daily work.
5. In order to reach this goal you will be actively involved with different chambers of Commerce like Indo-Japanese, Indo-French, Indo-German, Spanish etc.

Your position is crucial for the company's growth and branding. UJA has always insisted on relationship and good quality professional work and also expects that the candidate should adhere to all the principles and policies of firm.
